

PRESENTER

Dean Perry, CADC, MDiv and his wife Cathy are unofficially referred to by Michael Dye as the first

Genesis missionaries. After serving in the US Air Force, Dean entered church ministry, working as a youth pastor and then senior pastor. He served as chaplain at the Portland Rescue Mission and in 2006 he and his family moved to England, where Dean served as program director for a men's and women's residential recovery program. In 2008 Michael Dye invited Dean to join him as a trainer and program consultant for the Genesis program. Since 2010 Dean has been working with Everett Gospel Mission in Everett, Washington to build a model program based on the new Genesis Residential Program Manual.

Dean has been an invaluable resource for the Fairbanks Rescue Mission over the last year. He has done two staff trainings and has helped us in every aspect of our Genesis program at the Mission. He is an articulate and warm instructor and we count him as a very good friend.

ENDORSEMENTS

DR. JEAN LACOUR PHD, CAAP--Dean of Net Training Institute for Addiction Studies:

At last! A relapse prevention process based on client participation, counselor involvement, and proven counseling techniques. Clients gain insight into subconscious wounds that have driven their addiction behaviors. The workbook is appropriate for both residential and out-patient settings.

JAN MARSHALL--Director Shepherd's Door Women's Program, Portland, OR:

We have watched our clients enter the Genesis portion of their program and seen a remarkable thing happen. Women are truly emotionally courageous as they face the false belief system, choose to walk through the pain of memory, walk through the grief the memory initiates, then choose to forgive. It has made a profound difference in our program.

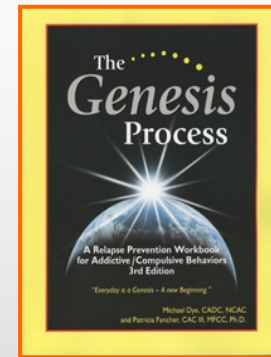

PASTOR TED ROBERTS--Senior Pastor, East Hill Foursquare Church, Gresham, Oregon, Author of the Pure Desire Process for Sexual Healing
"The "Genesis Process" is a gift from God. It's a relevant, biblically balanced, effective and profoundly practical. It is able to help folks who may have lost hope not only find it again through real change and healing, but also for them to experience the Grace of God. Michael Dye has caught the heart of God in a marvelous way.

GENESIS ADDICTION COUNSELING PROGRAMS

Presents

THE GENESIS PROCESS COUNSELOR TRAINING SEMINAR

HOSTED BY

**Fairbanks Rescue Mission
723 27th Avenue
Fairbanks, Alaska**

FEBRUARY 13-17, 2012

THE GENESIS PROCESS

THE GENESIS PROCESS

THE GENESIS PROCESS is an integration of Biblical principles, proven relapse prevention techniques, cognitive therapy, and the latest research in neurochemistry. This process has proven successful in maintaining long-term recovery in clinical trials and recovery programs.

The Genesis Process is successful because it deals with subconscious relapse patterns by addressing the underlying faulty belief systems that support them.

Client use of the Genesis Process Workbook, when facilitated by a Certified Genesis Process Counselor, has proven successful in diverse settings. While the Genesis Process' main target is the chemically dependent, it is easily adaptable to other self-destructive behaviors. The process is also sensitive to each client's level of spiritual maturity.

GENESIS TRAINING COVERS

- Neurochemistry's impact on pervasive and unconscious relapse
- Assessing the client's willingness and capacity to change
- Uncovering and challenging faulty beliefs and destructive behavior
- Turning mistakes into growth and healing
- Reducing self-sabotaging behavior
- Addressing root causes of behavior
- Seeing and interrupting "dry relapse" patterns
- Developing a successful individualized relapse prevention treatment plan and lifestyle
- Promoting steady growth in seven critical areas
- Creating true healing through client/counselor partnerships with God

- Administering deep, spiritual healing
- NEW: You will also learn how to use the Genesis Process for Change Groups.

PURPOSE OF GENESIS TRAINING

THE GENESIS COUNSELOR TRAINING SEMINAR is designed to prepare and certify counselors in Relapse Prevention. Genesis is able to accurately predict a relapse of self-destructive behavior a minimum of two weeks before it happens by a device called "The Faster Scale."

Who can benefit from the Genesis Training?

- Pastoral, Lay, and Professional Counselors
- Residential Recovery Interns
- Church-based recovery ministries
- Residential Recovery Program Staff

COUNSELOR TRAINING SEMINARS

GENESIS COUNSELOR TRAINING is designed for counselors of clients with recurring destructive, compulsive behaviors. It is a five-day intensive, interactive seminar that includes individual and group exercises. The training is 6-8 hours a day with homework at night.

You will learn effective, problem-solving techniques built around a comprehensive, ten-process client workbook and separate step-by-step counselor's guide. You will also become eligible for the **Genesis Process Certification** by completing a case study.

For further information regarding the training please contact Dean Perry at genesisprograms@gmail.com or go to the Genesis website at genesisprocess.org
